

# DSA BoF

Martin Zobel-Helas

Peter Palfrader      Stephen Gran

DebConf 2011 in Banja Luka,  
Republik Srpska

# The DSA Team

- Luca Filipozzi
- Martin Zobel-Helas
- Peter Palfrader
- Stephen Gran

# Duties

- Infrastructure for teams
- Services (email, chroots, db)
- Take care of HW (~ 135 machines (~ 35 VMs) at > 30 locations)
- Take care of the systems

## Utilities we use

- puppet
- git (<http://db.debian.org/git/>)
- ud-ldap
- munin, nagios
- rt

# DOs & DON'Ts

- clean up after yourself (really)!
- keep load low on machines!
- avoid dynamic websites if possible!
- don't annoy DSA too much!

## Where we need help

- Porters, please stand up!
- Web-Auth Sign on
- monitoring/trends (munin sucks!)
- python coding

# We won't be here forever

- Get involved!
- DSA Trainees?
- TODO/FIXME list:  
<http://dsa.debian.org/poneys/>

# Possible items for discussion

- We don't bite.

## Possible items for discussion

- We don't bite. Much.
